## Fact Sheet

### Anahita Golf & Spa Resort Mauritius

**This is a really different take on the typical Mauritian resort. For a start, accommodation varies between one-bedroomed apartments and three -bedroomed villas and offer all the home comforts and a choice of golf course or ocean view.**

But the really special part is the village-like feel to the resort; the central village square boasts a deli, bakery, sweet shop, cafés and even a news stand. Each apartment and villa has its own splash pool and the kids club is brilliant and really active and imaginative, plus they take kids from eight months up. Leave them there for the day and enjoy a round of golf at the Ernie Els designed 18-hole course. This could be the ultimate holiday for families or groups of friends.
