

Fact Sheet

Centara Ras Fushi Resort & Spa Maldives

This is Centara's second resort in the Maldives. It's designed as an adult oriented destination, ideal for couples and honeymooners with the majority of villas on stilts over the water and under 12's not allowed.

The resort's location in the North Male Atoll ensures a quick speedboat transfer, and pure white sand and a sparkling blue lagoon make this a perfect playground for beach games, snorkelling and water sports, while the magical underwater world of some of the top dive sites in the Maldives are reached within less than half an hour by dhoni. We strongly suggest upgrading the basic package price to one of the All Inclusive options available which offer all meals on a dine around basis, an excellent range of drinks both alcoholic and non-alcoholic, at least 16 cocktails and 7 mocktails plus selected watersports activities – really good value – and if you opt for the Gold All Inclusive you can also enjoy free scuba diving as an alternate to a spa credit per room per day.
