Fact Sheet

Filithayo Island Resort Maldives

As the only resort island in the Faafu Atoll, you will enjoy completely unspoilt and pristine diving and snorkelling.

A typically beautiful Maldivian island, it has been sympathetically developed to disturb as little of the ecology and atmosphere as possible. It is also one of the finest-looking resorts with thatched bungalows, white sandy beaches, azure sea, lush vegetation and tropical flowers. Whilst the resort is tranquillity itself, there is plenty of sport on offer- table tennis, a gym, large swimming pool, catamaran sailing, canoeing and, of course, snorkelling and diving. There is a dive school for those who want to learn and 2 restaurants and bars make sure the body and soul are kept well fed.
